Projekty

Collect Calls

sierpień 2006 do sierpień 2007

Members: Paweł Mrozowski

ITC service for mobile communications company position: test engineer, documentation engineer

duration: 1 year impact: all clients in Poland

DSS meda - Darwin Streaming Server Medical Application

styczeń 2005 do sierpień 2006

Members:Paweł Mrozowski

MS thesis - basic version of Youtube for internal university purposes duration: 1 year impact: students

Hour Anomalies Reporting System

styczeń 2011 do Obecnie

Members:Paweł Mrozowski

ITC service for internal company users, HR application position: project manager, software developer, test engineer, documentation engineer duration: 1 year impact: Engineering Dept. about 80 people benefits: simplification, easy access to data via internet browser, data history, data analysis, workflows, time reduction for HR dept. +10h monthly

HARS ver. extended

październik 2014 do Obecnie

Members:Paweł Mrozowski

ITC service for internal company users, HR application position: project manager, software developer, test engineer, documentation engineer duration: 8 months impact: HR, Finance Dept., Quality, Technology, Logistics, Laboratory, about 400 people benefits: simplification, easy access to data via internet browser, data history, data analysis, workflows, time reduction for HR dept. +40h monthly

Runchart

styczeń 2013 do Obecnie

Members:Paweł Mrozowski

Application for real-time monitoring of production detail measurements, scrap reduction position: project manager, software developer, test engineer, documentation engineer duration: 1 month impact: 30 people benefits: scrap reduction, time reduction for operators of CMM machines

Clock it/out data control and visualization

maj 2011 do Obecnie

Members:Paweł Mrozowski

ITC service for internal company users, HR application position: project manager, software developer, test engineer, documentation engineer duration: 1 month impact: about 500 people benefits: simplification, easy access to data via PC, mobile devices for all users

Implementation of mathematica formulae of queue models using autocorrelated traffic

wrzesień 2013 do Obecnie

Members:Paweł Mrozowski

Ph.D. thesis, practical applications position: software developer, test engineer, documentation engineer, data analyst duration: 2 years impact: in progress benefits: potential benefits includes impact on new queue modelling techniques useful in AQM design

Company site cut-over

styczeń 2014 do Obecnie

Members:Paweł Mrozowski

IT integration project position: IT operations team, sytems administrator, IT engineer duration: 6 months impact: about 500 people benefits: standarization, better data export controll and data flow controll

Company new site - building IT infrastructure and communications

styczeń 2015 do Obecnie

Members:Paweł Mrozowski

ITC service for internal company users, position: IT operations member, technical expert, documentation engineer duration: 1 year impact: about 30 people
